LETTER OF RECOMMENDATION

From 23 to 27 February 2009, Mr. Albert Hani was engaged by the OSCE Mission as mediator between ethnic Macedonian and ethnic Albanian parents, students and teachers. Mr. Hani's open and transparent approach to the problem, his in-depth knowledge of the educational system, in particular with regard to interethnic relations, and his positive personality earned him the trust and respect of the interlocutors of all ethnic groups. Together with a second mediator Mr. Hani conducted and facilitated a series of meetings during which participants of both ethnic groups managed to reformulate their positions, identify issues of common concern and bring down barriers characterizing the relationship between ethnic Macedonian and ethnic Albanian parents, students and teachers.

Considering the high level of his work in a complicated context, it is with pleasure that the OSCE Missions recommends him for activities in the field of conflict resolution and prevention in the educational system and in the field of youth work.
